93rd YEAR No. 42

FIFTEEN CENTS

Board starts job of chopping down budget

By Sue Nasenbeny

With an anticipated \$1,050,000 to work with for fiscal year 1979-80, but \$1,322,000 requested from village departments for the coming year, the Antioch village board started the job of cutting down budget requests in a finance committee meeting Monday night.

After reviewing a long list of budget line items from different departments, a task

that started about 8 p.m. and went on into the night until 12:30 a.m., the board succeeded in reducing the budget about \$141,000.

That left about \$150,000 left to trim away from budget requests, a job that will be continued at 7 p.m. Wednesday, May 9.

Chairman of the finance committee Don Amundsen supervised the proceedings, with each department individually pleading its case for anticipated funds

needed in the coming year.

Departments included in funding were: the general corporate fund, accounts and finance (including the eight percent village employee salary hike), police department, public works and buildings, street lights, health and sanitation, legal department, parks and recreation, street and bridge fund, fire department, insurance and bond redemption.

Sources of anticipated income for the

village include such items as sales tax, building and permit fees and traffic tickets, Mayor Michael Haley explained.

With about \$1,050,000 to work with for next year, and about \$141,000 trimmed from an original budget request of \$1,322,000 Monday night, the board will continue the task May 9 and attempt to cut away an additional \$150,000 in order to stay within its budget.

Questionnaire can help you reduce energy bills

Would you like to reduce your winter heating or summer cooling bill this year tremendously?

And wouldn't it be easy if someone could tell you specifically where your home is losing energy and then show you how you can save fuel costs?

Each Antioch household now has that opportunity, and by spending five minutes with a questionnaire that they received last Sunday they can find out what their specific home energy problems are and

what they can do about it.

The questionnaires were hand-delivered to residents Sunday morning by Antioch Boy Scout troops.

Accompanying the 29-question survey was a letter from Mayor Michael Haley explaining the program, which is coordinated by Michael Teeley, environmental director for Antioch Grade School District 34.

Through the program, residents are asked to fill out the questionnaire which

asks basic questions about your home, such as the type of windows you may have (diagrams of windows are included) or whether your home has a wood frame.

The questions are very basic and are designed to help evaluate your home's energy usage, Teeley said.

A stamped, self-addressed envelope is provided with each form in order to return it to the Illinois Institute of Natural Resources in Springfield.

There, the forms will be evaluated and

then sent back to Antioch, Teeley said. His office will then compile the results so that each household that sends the questionnaire in can find out exactly what energy problems they may have.

Teeley said the results of the surveys will be discussed with each participating resident, and later workshops will be held on energy usage in the home.

"When we evaluate the forms, we'll tell each person, here's what this means, and here's what you can do about it," Teeley added.

Teeley said he implemented a few energy-conserving measures in his home this winter, and in three months saved \$100 in heating costs alone.

He said something as simple as putting in storm windows or turning down thermostats in unused rooms can add up in savings in fuel costs.

Teeley urged all residents to complete and mail in the questionnaires.

Workshops for those who have any questions about the forms or any energy problems at all will be held tonight at 7 p.m. in the Antioch Township Library on Main St. and this Tuesday at 7 p.m. at Antioch High School.

Those who did not receive a questionnaire or anyone needing further information can call Teeley at 395-5333.

3 trustees retain village board seats

As expected, three unopposed incumbents were victorious in last week's village board election — winning four more years as Antioch trustees.

Village Clerk Marilyn Sterbenz said 161 people voted in the election, returning Edgar Simonsen with 117 votes, Arnold Weber with 104 votes and William Seemann with 110 votes.

All three ran under the Citizens Party ticket.

Also, three write-in candidates received the following totals: Richard Kufak, 36; Peter Clevon, 22; and Dale Frasch, 2.

The total votes in the two precincts were as follows: Village Hall, 106, and Scout House, 55.

Voter turnout in a contested election is a year when the mayor and village clerk are not up for election is usually about 1,000 residents, Mrs. Sterbenz said.

Two years ago, when the mayor and village clerk along with some trustees were being elected, voter turnout was about 1,650, she added.

Parents don't want kids transferred

Several parents presented a petition to the District 34 School Board of Education last week to reconsider the transfer of special education students from the Antioch Grade School to Channel Lake School next fall.

Parents told the board that it would negatively affect their children if they were transferred from the Grade School and others argued that the children should not be bused out of town.

Supt. Donald Skidmore last month had advised the board to transfer the special education classes temporarily until they were moved into the new W.C. Petty School probably sometime next winter in order to free the Library in the downtown Antioch Grade School.

This would enable the school to begin a library program which the board had previously approved.

'After reviewing the parents' petition, the grade school board decided to take the matter under advisement and decide whether to transfer the children at the next board meeting, set for this Tuesday night.

The board had previously approved the transfer at Dr. Skidmore's recommendation last month.

Also at the meeting, the board re-elected its president for the coming year, Gail Heath, and elected its secretary for 1979-80, Jim Quedenfeld.

They decided that business manager Ron Chilcote would assume the responsibilities of its previous treasurer, Mark McKinney of the State Bank of Antioch, on July 1.

Supt. Skidmore explained that this is a customary

procedure in many school districts.

Also at the meeting, the board tabled the issue of granting Band Director Larry Wagner permission to conduct a summer band program for fourth through eighth graders, pending clarification of insurance coverage, Skidmore said.

High school to participate in 'Law Day, USA'

This Tuesday, May 1, Antioch High School students, as part of "Law Day, USA" will participate in a debate with Round Lake High School on an adoption issue.

Antioch students will take the pro side of the issue: "An adopted child has a right to information regarding his or her natural parents."

Law Day is set aside on May 1 each year by a joint resolution of Congress and

Presidential proclamation as a "special day of celebration by the American people in appreciation of their liberties."

Also, it is "a rededication to the ideals of equality and justice under law."

In the activities scheduled through Lake County, the Lake County Bar Association sponsors the student debates which will be held in the County Board room at the Lake County Courthouse.

Post office decides to set mail size standards

Size standards for envelopes, cards and other pieces of mail will become effective July 15, the Postal Service announced, following a Salt Lake City, Utah meeting of its Board of Governors.

The Postal Service's governors also adopted a recommended seven-cent surcharge for oversized and odd-shaped pieces of mail.

The new size standards were recommended by the Postal Rate Commission in April, 1976 and adopted shortly after that by the Postal Service's Governors.

It was stipulated that they would not become effective until after the spring of 1978, giving customers at least two years to prepare for the change and exhaust their supplies of non-conforming envelopes and cards.

The Governors directed that both the surcharge and new minimum size standards become effective on the same date.

This means that after July 15, pieces will be non-mailable if they are less than three and one-half inches high, five inches long, or seven thousandths (.007) of an inch thick.

Subject to the seven-cent surcharge will be first-class mail weighing one ounce or less and single piece third-class mail of two ounces or less that exceed any of these dimensions: six and one-eighth inches high, eleven and one-half inches long, or one-quarter inch thick.

ALSO SUBJECT TO the surcharge are odd-shaped pieces within the weight units noted above. The acceptable size ratio for such pieces is: the length must be between one and one-third times and two and one-half times the height.

There are two basic reasons for the new standards, the Antioch post office explained. The surcharge on oversized and odd-shaped pieces will reflect the extra costs of handling them.

Because of their dimensions, they usually cannot be put through letter sorting machines. The upcoming prohibition on smaller mailing pieces and flimsy cards is based on the fact that they can become trapped in other mail, tear and jam mail processing machinery. And, as a result, other mail can be damaged.

There are some exceptions to the minimum-size prohibition. If a piece is more than one-fourth of an inch thick it does not have to measure at least three and one-half inches high or five inches long.

Thicker pieces, such as film mailers can be mechanically culled from the "river" of letter mail moving through a post office's facing and cancelling equipment.

Also exempted — from all but the minimum thickness standard — are keys, identification cards and tags. Film cartridge envelopes, if lightweight, will be subject to the surcharge.

Berning heads effort to investigate crime

Legislation creating a commission to investigate wrongdoing by public officials has been filed today by Sen. Karl Berning, R-Deerfield.

Senate Bill 1035 would authorize the formation of a 13-member body to look into alleged wrongdoing by both elected and appointive officials and employees of the state, local governments and school districts.

The bill would give the commission subpoena power, and the right to secure evidence relevant to the matter under investigation.

According to the legislation, if the commission develops a substantial case of malfeasance, it would present its evidence to a State's Attorney or a U.S. District Attorney within the state.

"The Commission also would have the authority to screen potential candidates for judge positions, if the state changes over from election to merit selection of judges. The idea has been alive for several years, and there is a

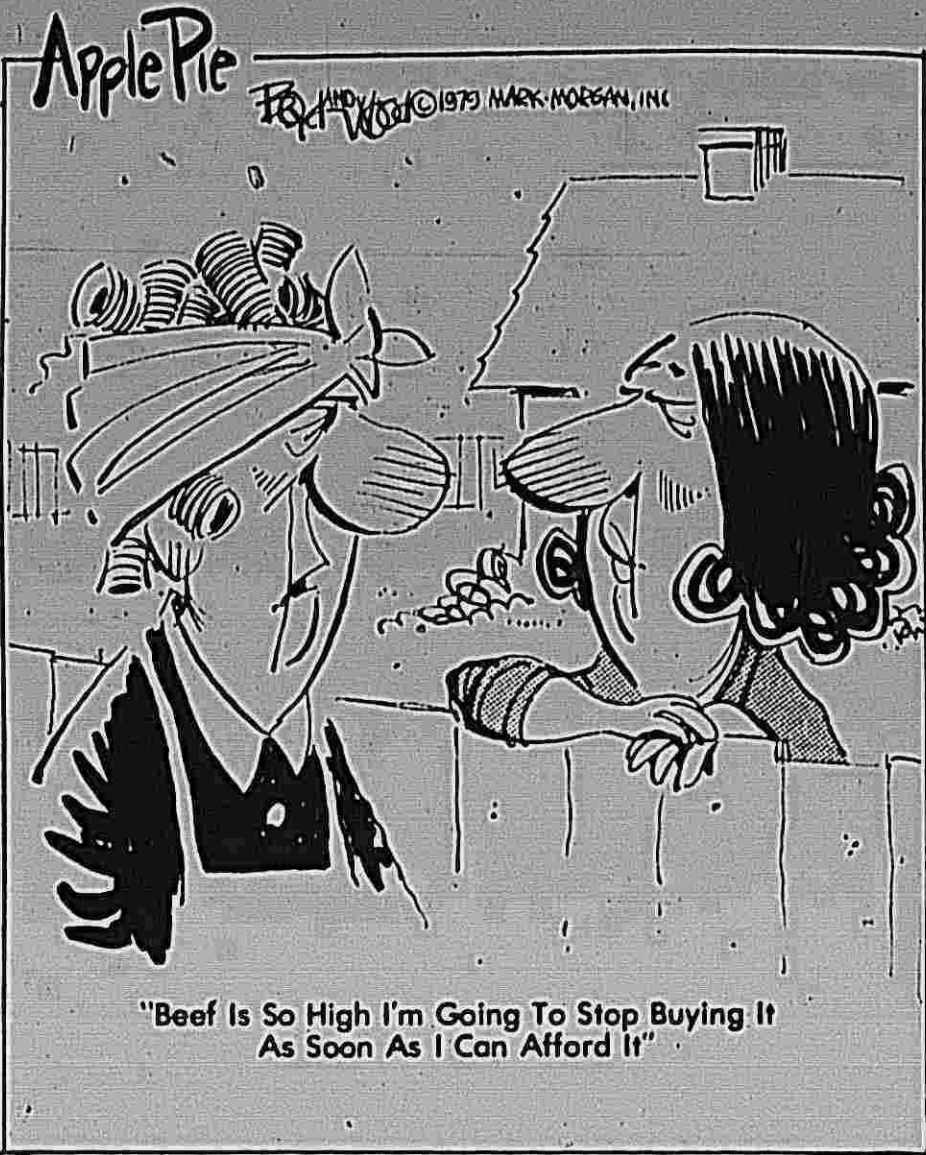

chance that it will happen.

"If it does, my bill would put the screening power in the hands of the commission, instead of in the hands of special interest groups and lobbying associations," Berning said.

The Public Integrity Commission would be comprised of a state central committeeman from both political parties, a certified public accountant, an attorney and a member representing agriculture, business and industry, labor, churches, veterans, ethnic groups, civic interests, women and another member selected by the others.

The bill also contains a provision for removing members for conflicts of interest in matters of public integrity.

"Because allegations of wrongdoing in government are often complicated by political motives, there is a need for a representative commission to handle these matters. The need for such a commission is long overdue," Berning said.

Lake County board supports assessment reduction

Harry G. Robin, chairman of the Lake County board, reported that he has written to all state legislators in support of House Bill 179, to reduce the assessment level from 33 and one-third percent to the 25 percent level.

Robin's letter stated the following:

"I am writing to you in support of your House Bill 179. As you may be aware the Lake County Board has voted in favor of reducing the assessment level from the 33 1/3 percent to the 25 percent level as well as recommended

controls over future growth of levies.

"I take this opportunity to request that you consider amending your existing wording under Section 2 of House Bill 179 to provide for the Amendatory Act to take effect for 1978 assessments and thereafter and for taxes payable in 1979, and thereafter.

If your husband had a Heart Attack in bed tonight, would you know what to do?

It may go on for a little while before you notice. He may say it's indigestion. Or nerves. He may have a feeling of uncomfortable pressure, fullness, squeezing or pain in the center of his chest (that may spread to the shoulders, neck or arms) which lasts for two minutes or more.

Dizziness, fainting, sweating, nausea or shortness of breath may also occur, but these signals are not always present. Sharp, stabbing twinges of pain are usually not signals of a heart attack.

Call your emergency medical service immediately. Or, if you can get him to a hospital with emergency cardiac care faster in any other way, do so.

He may refuse to accept the possibility that he is having a heart attack. Many heart attack victims do just that. Don't let him make you wait. Because seconds count. Get help and get it fast.

Remember, if it isn't a heart attack, it doesn't matter. If it is, nothing matters more.

Keeping in Touch . . .
By
Senator Charles H. Percy

As the price of imported oil goes higher and we face possible gasoline shortages later this year, the need for new energy sources is more urgent than ever.

More expensive imported oil means greater inflation. Gasoline shortages will boost prices, too.

Gasohol—a mixture of gasoline blended with alcohol — can help to ease our reliance on petroleum. It can be used in any car or truck, as long as it is a blend of gasoline and less than 20 percent alcohol. The alcohol component of gasohol can be produced by fermenting corn and cereal grains.

So gasohol can be a potential boon for Illinois farmers as well as motorists. Instead of paying farmers to set aside land each year to help balance supply and demand, the Federal Government should encourage them to increase production. Surplus crops could be used to produce alcohol fuel. Market prices for corn and grain would go up because of this added market expansion, but eventually gasoline prices can come down and the dollar would be strengthened.

We face two major hurdles, though, before gasohol can be used more extensively. First, we need more research to make alcohol production energy-efficient. Second, we need incentives for gasohol production and use.

It's a simple fact that it takes energy to produce energy. At this time, we're moving toward more energy-efficient alcohol production, but it still needs to be refined. Scientists at the U.S. Department of Agriculture's Northern Regional Research Center in Peoria are working on that

problem, but their future progress is threatened because the President's Federal budget proposal for alcohol production research next year will be totally cut. This reduction in Federal funds for alcohol research is unacceptable. I have written a letter of protest to the Department of Agriculture and urged continued funding.

Development of an alcohol fuel industry is still a risky enterprise; the present capacity of the industry is quite small and gasohol still costs more than gasoline sold at service stations. But imported oil soon will cost more than alcohol.

Demand for gasohol will increase when it becomes a profitable product. To stimulate demand, I offered an amendment last year to the energy tax bill that exempts gasohol from the 4-cent Federal excise tax on gasoline.

To qualify for the exemption, a gasohol mixture must contain at least 10 percent alcohol, and the alcohol used must be produced from renewable resources. My amendment was accepted by Congress and signed into law by President Carter last October. Since then, gasohol sales have increased significantly.

Job service is growing in Antioch and a very important part of the Antioch Chamber of Commerce & Industry. Dixie Sparks, Chamber executive secretary said.

That is why Joyce Clement, supervisor of Illinois Job Service in this area, has hired Judi Storm, 21, through the CETA program to help the Chamber.

Judi lives in Antioch and will be involved exclusively with Job Service. Her duties will include general office work with the Chamber.

Mrs. Clement is training Judi and soon this bright young lady will be very knowledgeable in the area of employment procedures with Job Service. Mrs. Sparks said.

She added, "We welcome Judi at the Chamber and as for my personal feelings, I am delighted to be relieved of this added responsibility so I can devote all of my time to demanding Chamber duties."

Judi graduated from Libertyville High School and is attending the College of Lake County.

A NEW PART of Antioch's Chamber of Commerce and Industry will be Judi Storm, seated, who will be involved with Job Service through the CETA program. Judi will also help the Chamber's executive secretary Dixie Sparks, left, with general office duties. To the right is Joyce Clement, Supervisor of Illinois Job Service in this area.

Antioch American Legion Post 748 recently achieved a 100 percent membership goal, based on the Close of Books for 1978.

Floyd Horton, membership chairman, was congratulated on a job well done, as was the entire membership of Post 748, by Clarence Kleinfeldt, senior vice commander of the Legion's Illinois department.

Kleinfeldt said "A strong membership contributes much to the programs of the American Legion, particularly in the field of Americanism, National Security, Children and Youth, Rehabilitation and Community Service.

"Our programs, if properly administered, can contribute much to the continued growth of our membership.

"May I take this opportunity to express my appreciation to you (Horton) for your fine efforts and my personal congratulations and best wishes for continued success," he added.

High school board meeting

The regular monthly meeting of the Board of Education of Antioch Community High School, will be held at 7:30 p.m. Thursday in the Board Room, board president Robert M. Lindblad said.

Police recover stolen Technisound items

Stereo speakers, amplifiers, turntables, time-clocks and a typewriter were some of the items recovered from a burglary by the Antioch Police department April 19.

Police Chief Chuck Miller said the burglary occurred at Technisound at 60 E. Ida

early last Thursday

Lt. Tom Fisher and Sgt. Charles Watkins investigated the burglary and through various leads, traced a suspect, Miller said.

A warrant for the arrest of Herbert R. Gefvert was issued to the Elgin Police

department, where Gefvert allegedly had fled.

Elgin Police held Gefvert in custody and Antioch Police later recovered the stolen merchandise.

Gefvert was charged with burglary and is awaiting a hearing at Lake County Circuit Court.

Gallaghers celebrate 52nd anniversary

On Monday, Roy and Mildred Gallagher will celebrate 52 years of marriage, the last 30 years spent as Antioch residents while living near Lake Marie.

Roy and Mildred were married on April 30, 1927 in

ROY AND MILDRED GALLAGHER IN 1978

ROY AND MILDRED GALLAGHER IN 1927

Chicago in a private home ceremony.

After they were married, they visited Antioch often as their relatives owned a cottage on Grass Lake. After summers and summers of visits, they decided to make the village their home in 1949.

The couple had three children, including William, LeRoy and Terrie.

William now lives in Evanston with his wife Rosina and three sons, William Charles, 14, Anthony Roy, 6, and Jose Luis, 2.

LeRoy lives in Antioch with his wife Elaine and children Scott, 17, and Lesley, 15. Daughter Terrie lives with her husband Louis, and one son, Troy Louis, five months old, and step-daughter Brenda, 13, in Antioch.

A family gathering has been planned for Roy and Mildred's anniversary party.

Roy is now 74 years old and Mildred is 69. Roy still works in his own business, Quality Tile Company. "He said he doesn't ever want to retire," daughter Terrie said.

RTA to hold public hearing at CLC May 11

The Board of Directors of the Regional Transportation Authority will hold a public hearing in Lake County at 7:30 p.m. Friday, May 11, in the College of Lake County, West Washington St., Grayslake.

The hearing will be on RTA's proposed Annual Program and Budget for Fiscal Year 1980 and the proposed Five-Year Transit Program for Fiscal Years 1980-1984.

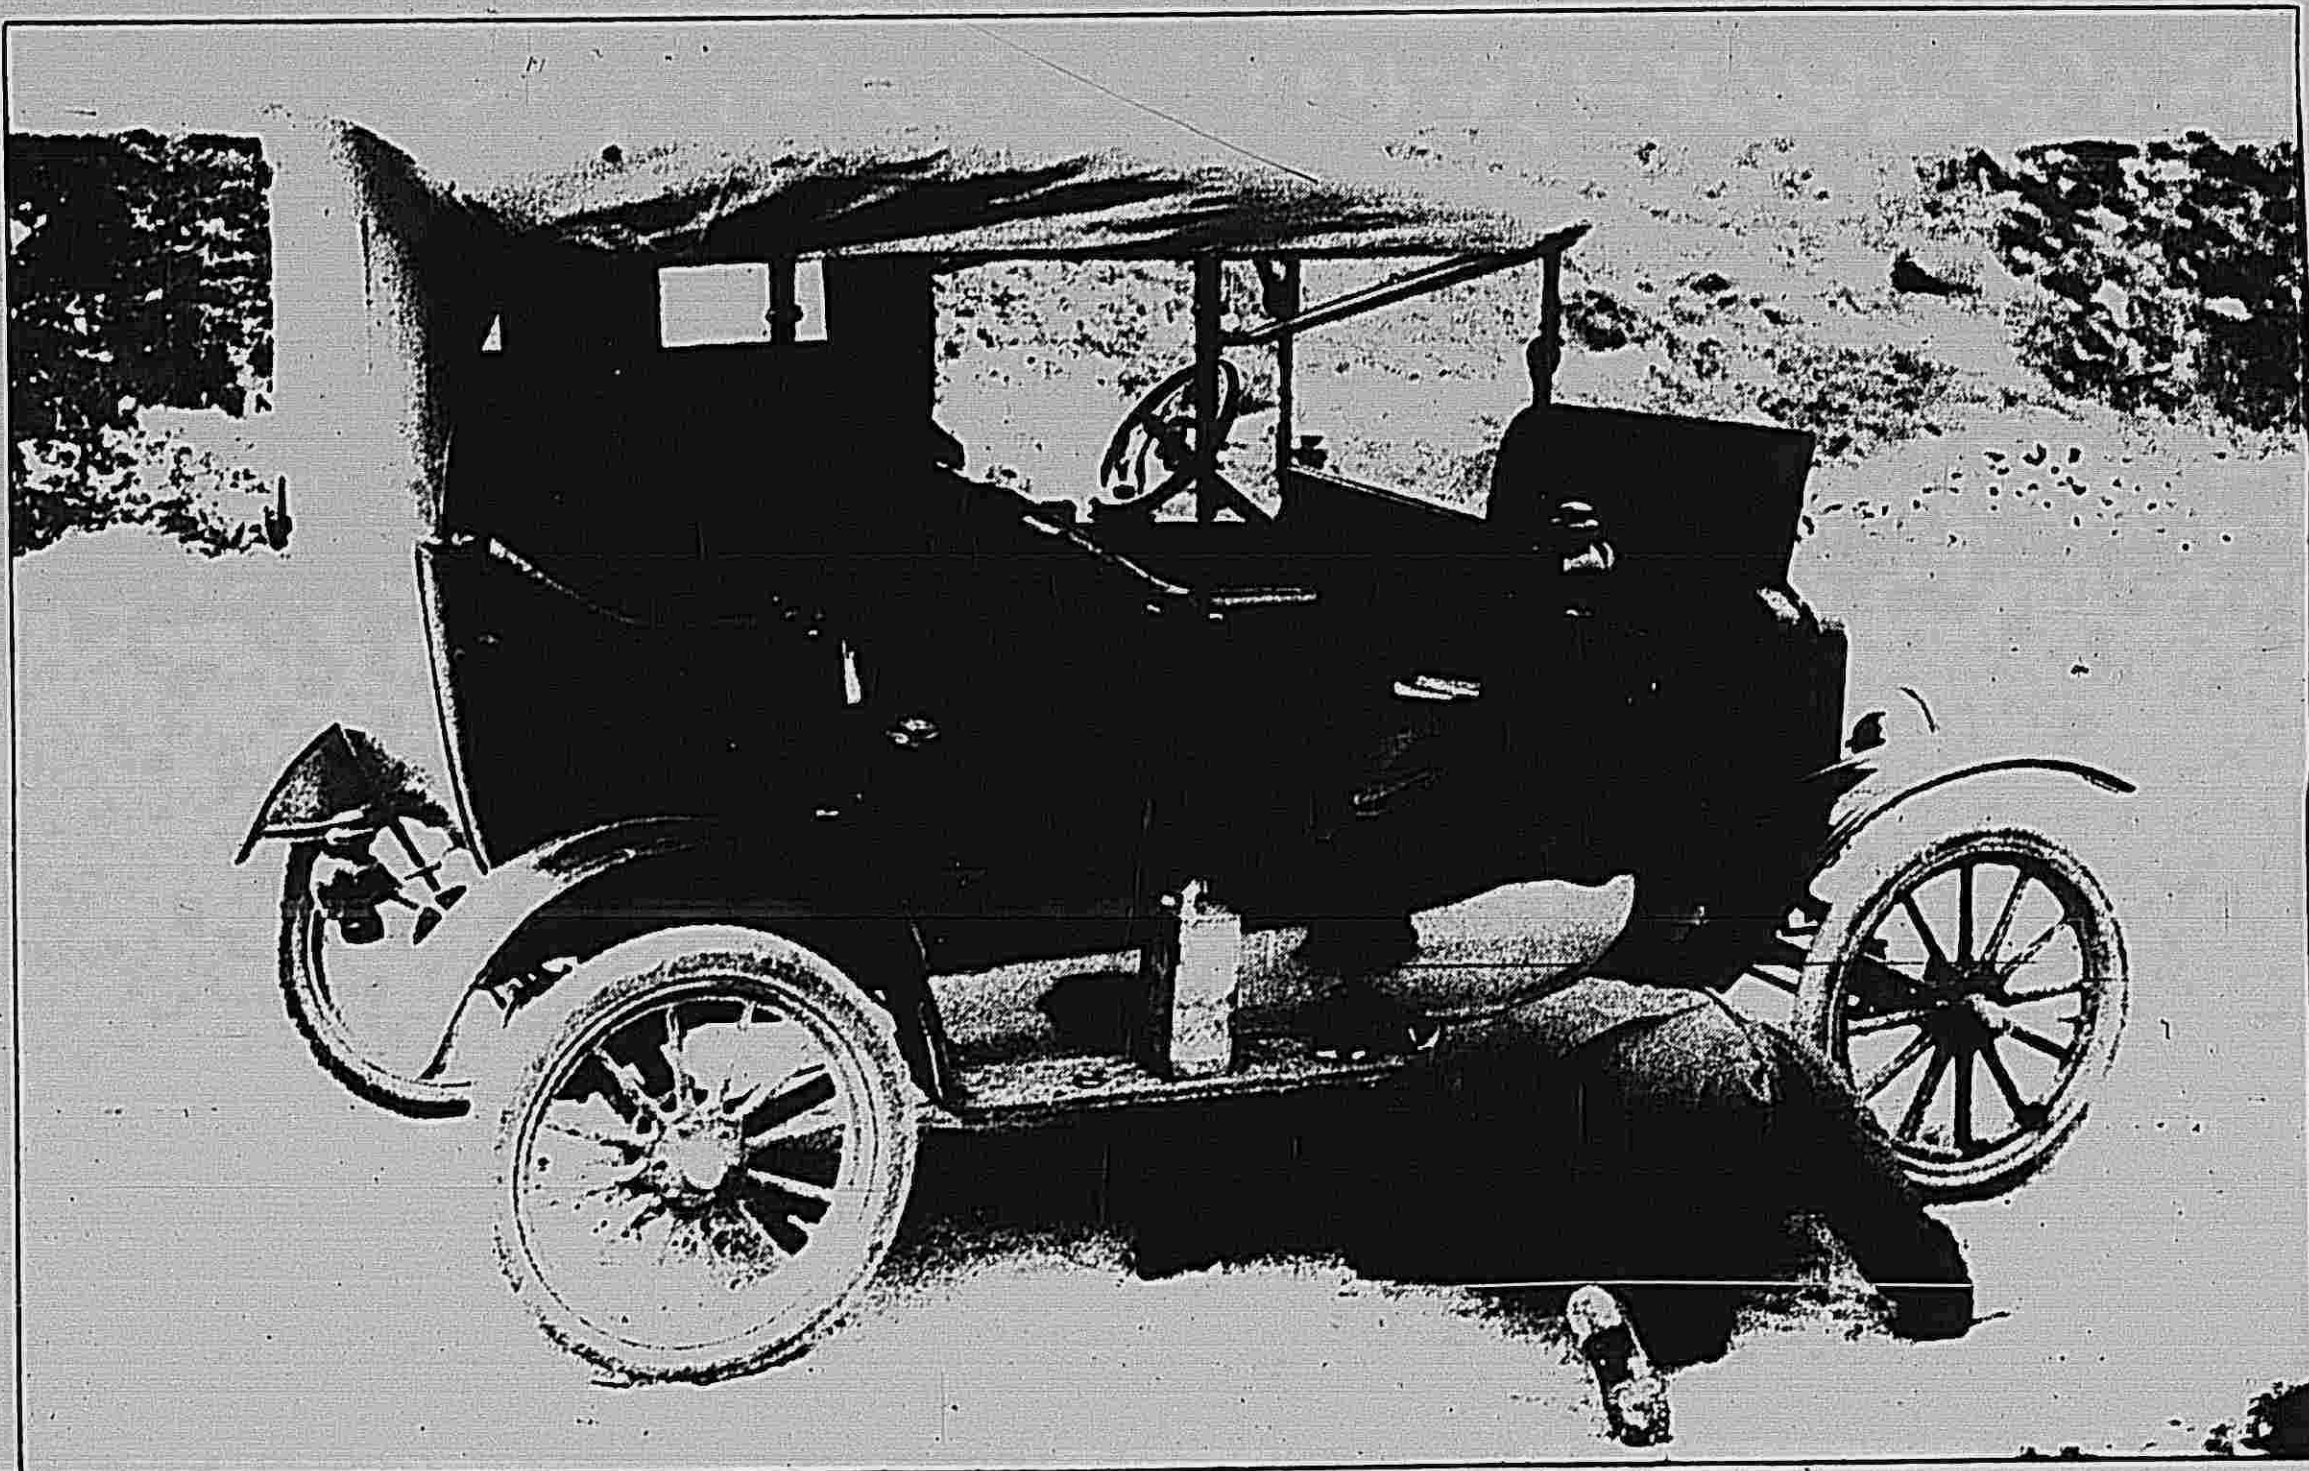

Residents of Lake County are encouraged to participate and express their opinions and ideas so they may be considered when the RTA Board adopts a final budget for fiscal year 1980.

Anyone wishing to testify may register at the public hearing. Written testimony may be submitted to RTA not later than seven days after the hearing.

Copies of the Annual Program and Budget for fiscal year '80 and the Proposed RTA Five-Year Transit Program are available for public inspection in the Lake County Regional Affairs Office, Suite 206, 2424 Washington St., Waukegan, from 8:30 a.m. to 5 p.m. and most public libraries, township, municipal and village offices in Lake County.

What is Secretaries Week? Sponsored by the National Secretaries Association, the annual Secretaries Week is April 22-28. National Secretaries Day is today, the 25th.

Since 1952, the last full week in April has been designated Secretaries Week to bring recognition to secretaries for the vital role they play in business, industry, education, government and the professions. Its purpose is to inform the public of the secretary's contribution to the educational, professional and civic growth of the community. It also serves to remind secretaries of their responsibilities to the employers and to their profession.

PREVENTION OF POISONING

(Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.)

By Don Mendrala

Most acute poisonings are accidental and avoidable. Keeping household products out of sight (preferably locked) can prevent one-fourth of all poisonings due to such agents.

The use of child resistant containers for all drug products, as well as for dangerous household products, has been the singly most successful means of preventing poisonings and decreasing the number of deaths. For incapacitated patients (i.e. arthritic patients) every effort should be made to see that containers which can be easily opened are obtained.

Recent studies have shown that the incidence of poisonings due to prescription drugs can be decreased by 75% to 90% by the use of child resistant containers.

Furthermore, the incidence of aspirin deaths has decreased by some 50% since institution of child resistant containers.

USEFUL ADVICE TO HELP AVOID POISONINGS

Obtain and use child-resistant containers for drug and household products.

Keep all household products and drugs out of sight, out of reach and preferably locked.

When in use, such items should always be within sight of an adult.

Store internal medicines separately from other drugs.

Give prescription medications only to the patient for whom it was prescribed; always take medications with the light on, first reading the label.

Keep all household products and drugs in original containers with appropriate labels (i.e. avoid paint thinner in cola bottle).

Check medicine cabinet periodically and properly discard medicines no longer used (flush down toilet, rinse containers and discard).

Refer to medicine by proper name, not as "candy," when giving it to children.

In old houses, check for peeling paint — a significant source of lead poisoning.

Work with household chemicals in well ventilated area; do not mix chemicals (i.e., bleach and toilet bowl cleaner.)

Stock a 1-oz. bottle of syrup of ipecac, U.S.P.

THE Entertainer

RON VAN SCOYOC, president of Antioch's Jaycees, carefully deals a hand of blackjack at the Jaycee-Viking Football sponsored Las Vegas Night held Saturday. Loads of eager gamblers crowded blackjack, roulette and craps tables at the benefit. (News photo by Sue Nasenbeny)

'Las Vegas' winners announced

Two Lake Villa residents and one Round Lake resident, all women, captured the top three raffle prizes at the fourth annual Las Vegas Night held last Saturday.

The Antioch Jaycees and Antioch Vikings Boys football were sponsors of the fund-raiser, which featured a fun night of gambling games, including blackjack, roulette and craps.

Rita Bonaldi of Round

Lake won the first prize of a trip for two to Las Vegas, Nev. including round-trip air fare and accommodations donated by the State Bank of Antioch.

Sandy Atherton of Lake Villa won the second prize of a Subaru miniature three horsepower "Super Brat" go-cart donated by Don Pittman Pontiac.

Karen Padjen of Lake Villa won six monthly dinners for two, compliments

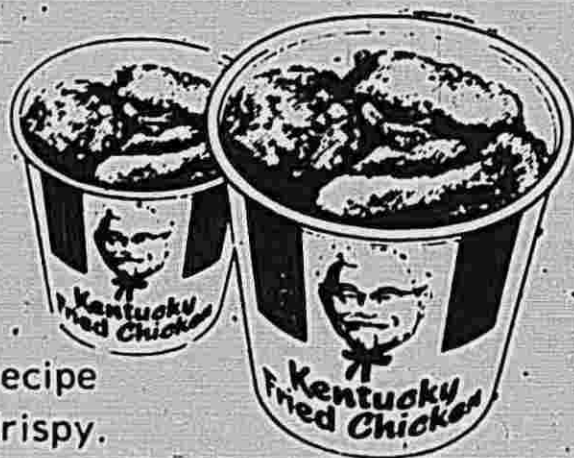

of Steve's Lounge, Larson and Gantar attorneys (Colony House) Neilsen's, Wunder Bar, the Brauhaus and Raybombs.

The Jaycees and Antioch Viking football said they would like to thank everyone who donated prizes for raffles and auctions and for everyone who came out and supported the organizations by participating in Las Vegas night.

JUST A ROLL OF THE DICE can determine if you win or lose it all, and these two gamblers can't wait to find out how their luck ran at the crap table at the Jaycees-Viking football sponsored Las Vegas Night Saturday.

WEARING A TUXEDO to school is not an everyday affair, but three Antioch High School students were chosen to model them as part of a special promotion through Four Squires last week. Pete Ploss, left, a senior, models the Blue Bentley tux, Laura Ano, a junior, models a black and white tux and Jim Stanley, a senior, models the beige royale tuxedo. Four Squires will offer young men the chance to be driven to their prom via limousine and have the use of it for six hours if at least 20 students rent tuxes through the clothing store. Antioch's prom is May 5.

'79 Cotillion tickets to be available

Mrs. Ray Lorenz, chairwoman of the 1979 Cotillion, announced that the event will be held June 2 at the Abbey on Lake Geneva.

Anyone wishing to spend the weekend to enjoy tennis and golf may make reservations by calling the Abbey themselves, she said.

Mrs. Lorenz also said that dancing will be to the music of the Scotch Lads.

Mrs. Edward Warner and Mrs. Gus Costoff, ticket co-chairwomen, announced that tickets will soon be available from members.

Other Cotillion committees are headed by Mrs. Homer LaPlant and Mrs. Albert Bucar. Mrs. Robert Lubkeman is president of the Antioch Mental Health Association, the organization which will be benefited through the event.

Proceeds of the Cotillion and of the Thrift Shop at 921 Main St. go to help the mentally handicapped children of Lake County. Mrs. Ed Vos is chairman of the Thrift Shop.

4 shows remain for 'I Remember Mama'

John Van Druten's "I Remember Mama," which opened last Saturday night, will run for two more weekends at the PM&L Theater, 877 Main St. in Antioch.

The four remaining play dates are for this Friday and Saturday night and May 4 and 5. Curtain time for all performances is 8:30 p.m. and call 395-3055 to make reservations, Director Don Beveroth said.

He said last Saturday's audience was captivated by this warm and human folk drama. The first nighters appreciated the performances of such familiar PM&L veterans as Ann Marie Cina, from McHenry; Frank Greenwood, Round Lake; and Pam Hunley, who portrayed leading characters.

The playgoers also enjoyed the work of the large number of newcomers in the PM&L cast — George Cina, Gerry Smelcher, Bob and Carole Mallowney, Mickey and Gerry Mandel, Rae Johansson, Norma Brean, Lisa Quinn and Janet Sershon.

Also making his debut on the PM&L stage is Smokey Brean, who has a number of heart-rending lines as the indestructible Uncle Elizabeth.

So as not to miss an opportunity to see this delightfully picturesque play, be sure to phone for your reservations

Netters win first 2 conference meets

This week Antioch's boys tennis team moved its overall record to 6-1 with victories over Zion, 5-0, Round Lake, 5-0, and Wauconda 4-1.

The last two were conference meets. Against Zion, the varsity lost just 10 games (out of 70 played) and against Round Lake they lost just five games, Coach Ron Halpern said.

Besides the loss at first singles, the rest of the Antioch squad lost just four games. Tom Surrock beat all three of his opponents, as did Tom Mehlhorn, Dan Rezin, Stu Short, Gary Manual and Jim Nikolai.

Over the weekend the netters sent three teams to tournaments. The varsity went to Buffalo Grove while the JV's and sophomores went to Rockford Harlem.

The varsity met the best competition of the year, Halpern said, winning seven matches and losing eight. Three matches were decided by tie-breakers, all against Antioch.

Halpern said the best performance in this meet was Stu Short and Dan Rezin (sophomores) playing first doubles. They lost to the tournament champions from Maine East 6-4, 0-6, 6-7 and lost their next match in the same heart-breaking fashion 4-6, 6-4, 6-7.

In both matches the sophomores were behind but fought back against two outstanding doubles' teams.

The JV's were entered in a varsity tournament in Rockford and did fairly well, the coach added. Phil Rezin won one of three matches at first singles while Boro Reljic did the same at second singles.

Gary Williams (sophomore) and Bob Thain (freshman) played varsity second doubles in the tournament and won a match.

The sophomore squad finished second to Niles' West which is outstanding with two sophomores on the varsity, Halpern said. Gordy Nagenbeny finished third, Darryl Blanchette finished fifth, Drinkwine and Skradski finished second while Bailey and Mohr finished fourth.

The sophs are 7-0 in dual meets. This week Antioch plays Stevenson at home on Thursday and Johnsbury away on Friday.

Girls summer softball registration still open

The Antioch girls summer softball league will get underway June 11.

Notices have been distributed to local area schools but if any girl has forgotten to register and still wishes to play, sign-ups are open until May 5.

Register at the Park and Recreation office at the Antioch Village Hall or call Ellen Kessler, league president, at 395-0222, co-

ordinator Priscilla Lipske said.

All games will be played at the Antioch Upper Grade School on Monday, Tuesday, Thursday and Friday at 6 p.m.

Teams will play twice a week on either of these nights. T-shirts and caps are included in the sign-up fee while players will furnish their own gloves.

An Illinois Conservation Department replica of the famed voyageur canoe, the vehicle most responsible for the exploration and

settlement of Illinois, will be displayed and demonstrated at Chain O'Lakes State Park June 4 through June 8.

Visitors to this site will receive a close-up view of the famed craft, thorough orientation on its history, and will be offered rides in it.

The canoe is a reproduction of the 30- to 40-foot bark-covered freighter craft, called "Montreal canoe," which was the main mode of transportation, exploration and supply for early settlers of

Illinois.

The canoe will be the focus of interpretive program discussions on French history in Illinois and on the role of the French voyageurs - the hardy paddlers who manned these inland waterway freight carriers and exploration craft - in the state's settlement.

The role of the huge canoe itself in Illinois history also will be reviewed.

In addition, the craft will be used to teach water and boat safety and, in some cases, will provide park visitors with access to natural resources which may not be accessible by other means.

WOMEN WANTED

On Saturday, May 5, 1979, the Lake County Contractors Association, Lake County Building and Construction Trades Council, in cooperation with the Lake County Urban League and College of Lake County are seeking women who have an interest in the building construction trades.

Season review:

Cagers were a 'pleasant surprise'

On Nov. 1, 23 young men reported for varsity basketball try-outs at Antioch High School.

On the following Monday another seven young men reported from the football team. After eight days of practice and try-outs, the varsity squad was formed with 17 players and two managers. During the season, four members dropped from the squad for a variety of reasons.

Coach Roger Andrews said the season turned out to be a pleasant surprise, as coaches did not expect too much, with no regulars returning and only two lettermen returning.

"The season started slow, but after Christmas the team played well and won several close games, as well as losing several close ones," he said.

"The team finished with an 8-6 record in conference, and 13-14 overall for the season record. The real highlight of the season was winning the Regional Tournament beating Grant 56-55 in the championship game," Andrews added.

"The team had Pete Ploss on the All-Conference Team, (radio station) WKRS all-area team and Waukegan News Sun all-county team," he said.

"It was a very good season - congratulations and good luck in the future, thank you," Coaches Andrews and Jeff Dresser added.

Varsity basketball squad members included: Dave Gutowski, Roger Korjenek, Scott Gallagher, Rob Nauman, Ron Nauman, Roger Plechaty, Pete Ploss, Chris Oddsen, Ted Poulos, Pat Sikorski, Mike Anderson, Mike Pramshafer and Jim Sertic.

Managers included Jamie Vasek and Beth Mueller.

Team honors, which team members elected to award one another included:

Most Valuable Player — Pete Ploss

Team Captain — Roger Korjenek

Most Improved Player — Rob Nauman

Roger Lang Memorial Free Throw Awards — Pete Ploss (.765)

Chamber hosts new member breakfast

The Antioch Chamber of Commerce & Industry held a "New Member Breakfast" April 10 at McDonald's to introduce new members to the Board and discuss upcoming events that members can become involved in.

Some of the events discussed were Secretary's Day, the Mother's Day, "Greatest Mom" contest, the possibility of Industrial Recognition Day, and the Art Fair/Summer Fest to be held July 8.

Membership chairperson Pat Sershon said the Chamber of Commerce & Industry is experiencing a growth that is healthy for the Chamber as well as for the community and the Board said it is directly attributable to the new executive secretary's (Dixie Sparks's) approach to people. "Mrs. Sparks is a pleasure to work with" was one new

member quote.

Within the next three to four months the Chamber expects to have another new member breakfast, Sershon said.

"There is nothing but good news from the Chamber office these days, thanks to a hard-working Board of Directors, active members and Mrs. Sparks," she added.

The country's first department store, the Marble Dry Goods Palace, was opened on Broadway in 1848 by a once-poor Irish immigrant.

Lakeside Rebekah Lodge hosts meeting

Lakeside Rebekah Lodge No. 82 hosted its elective officers April 18, at the American Legion Hall, Antioch.

Noble Grand, Val Talbert welcomed all present. Members said they were happy to have Val back with them again, after her extended illness.

They said they were honored to have in attendance Sister Mildred Black, past president of the Rebekah Assembly of Illinois and Viola Vickery, district deputy president.

District officers present were Violet Kraepelin, president; Ida Verne, vice president; Leona Skinkle, secre-

tary; Sherene Jones, treasurer, and Bernice Miller, junior past president.

Elective officers from lodges in Waukegan, Antioch, Crystal Lake, Libertyville and Highland Park were welcomed as special guests for the evening.

Refreshments were later served, at which time the Easter Bunny, portrayed by the Vice Grand Mary Jones, paid an overdue visit.

Brother Fred Stoerp assisted in the calling for the White Elephant Sale auction, which proved to be hilarious, publicity director Sherene Jones said.

Woodchippers to demonstrate skill Saturday

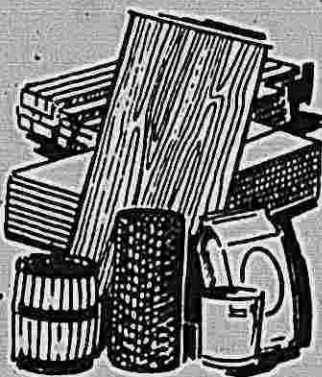

Why not whittle time out of a busy schedule to watch more than 30 old-time woodcarvers demonstrate their art.

The Chain-O-Lakes Woodchippers of Northeastern Illinois will exhibit their carvings for sale and also demonstrate whittling

and sculpture at a Lakehurst show.

The shopping center, located at Rte. 120 and Waukegan Rd., Waukegan, will play host to the "Chippers" for the first time on Saturday, from 10 a.m. to 5:30 p.m. and Sunday from noon to 5 p.m.
